

PRIMORDIAL — PLAYER CHEAT SHEET

v0.3 • All rolls d20. On your turn *YOU* attack, the enemy *DEFENDS* — only the defender loses models.

MOVEMENT & BASE STATS

Type	Move	Attack	Armor	Notes
Infantry	5"	+0	—	Backbone • benefits most from deep ranks
Archers	5"	+0 / -2 melee	—	Range 10" • shoot before lines meet • weak up close
Cavalry	10"	+2 (+4 charge)	+2	Deadlier than infantry • +4 more the turn it reaches the enemy

HOW A FIGHT WORKS (shoot or melee)

1. Each side rolls d20 = its models in the fight (max 5). Add ATTACK mods to your dice, DEFENSE mods to the enemy's.
2. Lay the attacker's dice out (no sorting). The DEFENDER pairs each of their dice against an attacker die — their choice.
3. Attacker total BEATS defender total → that defender model dies. Tie or lower = it survives.
4. Extra attacker dice (more dice than the defender) = automatic hits (Overwhelm). Only the defender loses models.

WHEN YOU ATTACK (your dice, your turn / shooting)

Add to YOUR dice	Value
Attack value — Cavalry / Infantry / Archers	+2 / +0 / +0
Archers fighting in melee (instead of shooting)	-2
Cavalry Charge — turn it reaches the enemy (on top of +2)	+4
Rank Bonus — per FULL rank behind front (5 → 0, 10 → +1, 15 → +2, 20+ → +3)	+1 ea, max +3
Champion — add to ONE die after rolling (max 1 per 5)	+2
Hit the enemy's FLANK or REAR	they lose Rank Bonus & -4

WHEN YOU DEFEND (your dice, the enemy's turn / being shot)

Add to YOUR dice	Value
Armor — Cavalry / heavy (later) / Infantry & Archers	+2 / +4 / +0
Rank Bonus — per FULL rank behind front (max +3)	+1 ea, max +3
Champion — add to ONE defense die after rolling	+2
You are hit in the FLANK or REAR (also lose Rank Bonus)	-4

NUMBERS & COSTS

Always roll 1 die per model in the fight (max 5) — no bonus defense dice. More attacker dice than defender = the extras are auto-hits. Fewer defenders than attackers fight at parity now and hit back next turn.

Costs: Infantry 1 • Archer 2 • Cavalry 3 • Champion +2 (max 1 per 5). Moves: Inf/Arch 5", Cavalry 10". Archer range 10". Stick = 5 units. Starter 100 pts (50 quick).
